Professional Summary

Data Engineer with solid experience in the **Azure ecosystem**, specializing in building and optimizing **ETL/ELT pipelines**. Focused on transforming Business Intelligence requirements into robust data solutions, ensuring Data Warehouse performance and delivering actionable insights via **Power BI**. Experienced in Python automation, SQL manipulation, and data modeling tailored for high-impact visualization.

Technical Skills

- **Data Platforms:** Azure Data Factory (ADF), Azure Data Lake (ADLS), SQL Server.
 - **Data Visualization:** Power BI (Desktop/Service), DAX Language.
 - **Languages:** SQL (Stored Procedures, T-SQL, Performance Tuning), Python (Automation and Data Manipulation).
 - **Processes:** ETL/ELT, API Integration (REST), Data Modeling (Relational/Dimensional).
 - **Additional Skills:** Linux (Basic), IT Project Management, Infrastructure, and Networking.
-

Professional Experience

Jr. Data Engineer | ONE SOLUTION

- **ETL/ELT Development:** Built and maintained Azure Data Factory pipelines for data ingestion from APIs and external sources, loading into SQL Server environments.
- **Visualization & BI:** Developed Power BI dashboards, performing data modeling and creating complex DAX measures to support strategic decision-making.
- **Python Automation:** Applied Python scripts for data transformation, cleaning, and custom business logic, complementing ADF orchestration.
- **Optimization & Support:** Conducted continuous monitoring of data flows to ensure high availability for Power BI reporting.
- **Database Management:** Modeled and updated schemas/tables in SQL Server, focusing on performance, integrity, and scalability.

IT Support Analyst / Help-Desk | SANSUY S.A IND. | 02/2010 – 08/2021

- Managed network infrastructure projects and implemented IT solutions.

- Provided advanced technical support (Remote/On-site), administering Windows Server and Backup Exec.
- Handled budget control, IT inventory management, and ticketing systems (SLA management).

Technical Assistant | ASSTEC TEL. COM. LTDA | 05/2000 – 11/2004

- Hardware maintenance and technical component inventory management.
-

Education

- **Bachelor's Degree in Systems Analysis and Development** *UNIP – Universidade Paulista*
-

Languages & International Experience

- **English:** Advanced (Fluent for technical reading and conversation).
 - **Japanese:** Basic.
 - **International Experience:** Resided in Japan (2004 – 2010).
-

Courses & Certifications

- **Complete Power BI (Basic to Advanced)** – Udemy.
- **Microsoft Power BI Desktop for Business Intelligence** – Udemy.
- **Introduction to Cybersecurity** – Cisco.
